7. How we protect and store personal information

Throughout this policy, we use the term "personal information" to describe information that can be associated with a specific person and can be used to identify that person. We do not consider personal information to include information that has been anonymized so that it does not identify a specific user.

We take the privacy and security of your information very seriously. We store and process your personal information on our computers in the Singapore, US and other countries where LIQNET facilities or our service providers are located. We protect your information using physical, technical, and administrative security measures to reduce the risks of loss, misuse, unauthorized access, disclosure, and alteration. We also authorize access to personal information only for those employees who require it to fulfill their job responsibilities. All of our physical, electronic, and procedural safeguards are designed to comply with applicable laws and regulations.
8. How we use the personal information we collect

We are sometimes required to compare the personal information you provide to third party databases in order to verify its accuracy and confirm your identity. This allows us to comply with state and federal anti-money laundering and "know your customer" regulations.

- Law enforcement, government officials, or other third parties when:
  - We are compelled to do so by a subpoena, court order, or similar legal procedure; or
  - We believe in good faith that the disclosure of personal information is necessary to prevent physical harm or financial loss,
to report suspected illegal activity or to investigate violations of our User Agreement.
• Other third parties with your consent or direction to do so.

LIQNET will not provide your personal information to any other LIQNET users without your consent or direction.

The data that we collect from you will be transferred to, and stored at, a destination in the US and may be transferred and/or stored to other places outside the European Economic Area (EEA). It may also be processed by staff operating outside the EEA who work for us or for one of our service providers. These staff may be engaged in the fulfilment of our Services and/or the processing of your details and the provision of support services. By submitting your personal data, you agree to this transfer, storing, or processing. We will take all steps reasonably necessary to ensure that your data is treated securely and in accordance with this Privacy Policy. Third parties may be located in other countries where the laws on processing personal information may be less stringent than in your country.

Our Services may, from time to time, contain links to and from the websites of our partner networks, advertisers, and affiliates (including, but not limited to, websites on which the LIQNET app or the Services are advertised). If you follow a link to any of these websites, please note that these websites and any services that may be accessible through them have their own privacy policies and that we do not accept any responsibility or liability for these policies or for any personal information that may be collected through these websites or services, such as contact and location data. Please check these policies before you submit any personal data to these websites or use these services.
